Shelves: childrens-lit, fiction. Anthony Burgess's A Long Trip to Teatime is a fantastic voyage that takes place during a boring school lecture about the Anglo-Saxon kings of England, all of whose names seemed to begin with the letter "e". Young Edgar vanishes through a pinhole in his desk and winds up at Easter Island -- not the Easter Island -- but another one, where all the place names begin with the letter "e".

Ewan McGregor and Charley Boorman reunite to ride 13,000 miles from Tierra del Fuego to Los Angeles in the Apple TV+ show "Long Way Up" -- the third journey in the buddies' motorcycle adventures.

Like Lewis Carroll's Alice, Edgar plunges into a wonderland of bizarre adventures among curious creatures. The author of A Clockwork Orange plays with logic and language in this captivating tale for all ages.

Interviewer: "On what occasions do you lie?" Anthony Burgess: "When I write, when I speak, when I sleep." He was the last great modernist. Novelist, composer, librettist, essayist, semanticist, translator, critic, Anthony Burgess's versatility and erudition found expression in more than fifty books and dozens of musical compositions, from operas, choral works and song cycles to symphonies and concertos. Here now is a kaleidoscope of a book--the culmination of twenty years of writing and research--about a man who remains best known for A Clockwork Orange, the source of Stanley Kubrick's ground breaking, mind bending and prescient film. Tracking Burgess from Manchester to Malaya to Malta to Monte Carlo, Roger Lewis assesses Burgess's struggles and uncovers the web of truth and illusion about the writer's famous antic disposition. Burgess, the author argues, was just as much a literary confidence man and prankster as a consummate wordsmith. Outrageously funny, honest and touching, Anthony Burgess explores the divisions that characterize its irascible subject and his darkly comic, bleakly beautiful world of

When a passenger check-in desk shoots through the roof of a terminal at Heathrow Airport in flames, Dirk Gently investigates the cosmic forces at play

Maureen Reynolds was born and brought up in Dundee, a city with no shortage of intriguing characters, extraordinary events and fascinating memories. In this brand new collection of tales, Maureen looks back to a time of youth and innocence and brings it all vividly back to life once again. There are tales of street games played during the long, hot summer holidays, recollections of the noise and grime of the jute mills, great Dundee characters like James 'Napper' Thomson and his Lochee emporium, spookie nights in Wallace's restaurant, piggyback flying, ghost stories, tattie gathering, stories from the trams and family tales from a simpler time. Teatime Tales from Dundee is a warm and nostalgic new collection of stories about growing up and living in Dundee.

Beloved, bumbling Detective Dirk Gently returns in this standalone novel from Douglas Adams, the legendary author of one of the most beloved science fiction novels of all time, *The Hitchhiker's Guide to the Galaxy*. When a check-in desk at London's Heathrow Airport disappears in a ball of orange flame, the event is said to be an act of God. But which god? wonders holistic detective Dirk Gently. And how is this connected to Dirk's battle with his cleaning lady over his filthy refrigerator...or to the murder of his latest client? Or are these events just another stretch of coincidences in the life of the world's most off-kilter private investigator? Douglas Adams, "one of England's top exporters of irreverence" (Chicago Tribune),
