A simple explanation for the failure of a given attempt at cooperation in world politics is always available: that the interests of the states involved were incompatible with one another. This would imply that discord was a natural, if not inevitable, result of the characteristics of the actors and their positions relative to one another.

After Hegemony: Cooperation and Discord in the World Political Economy. Robert O. Keohane. At a time when inter- national cooperation seems threatened by the exercise of American mil- itary power in Iraq, it is hard to remember that not so long ago some in the world were concerned about the relative decline of American might. In the early s, postwar institutions such as the International Monetary Fund, the World Bank, and the General Agreement on Tariffs and Trade seemed threatened by the ...

~~After Hegemony: Cooperation and Discord in the World---~~

Refuting the idea that the decline of hegemony makes cooperation impossible, he views international regimes not as weak substitutes for world government but as devices for facilitating decentralized cooperation among egoistic actors. In the preface the author addresses the issue of cooperation after the end of the Soviet empire and with the renewed dominance of the United States, in security matters, as well as recent scholarship on cooperation.
