The Primary Checkpoints series is designed to provide ready-made stimulating activities. Familiarises students with a variety of assessment formats, such as, NAPLAN* Thematic units of work covering areas of the curriculum such as reading; language conventions and numeracy to provide students with solid and relevant practice towards assessment tasks at the appropriate Primary level. Each unit of work contains:

- a text type, based on a theme that is relevant to the age and ability level of the student
- reading comprehension
- language convention
- numeracy including mental arithmetic questions and problem solving

Each of the units also includes motivation or encouragement pages in which students complete tasks related to other curriculum areas such as:

- science
- geography
- history
- health
- nutrition and fitness
- social issues

Four Checkpoint Units to be completed in a 'test-like' or as a self-assessment activity. A removable answers insert.

learn the skills of problem solving in the context of other mathematical strands in the course. The course will encourage learners to be independent thinkers with the confidence to tackle a wide range of problems who understand the value and relevance of their mathematics. Classroom discussion is encouraged to help learners become good mathematical communicators, to justify answers and to make connections between ideas. This series is part of Cambridge Maths (www.cie.org.uk/cambridgeprimarymaths), a project between Cambridge University Press and Cambridge International Examinations and is appropriate for learners sitting the Primary Checkpoint test.

Build confidence and understanding throughout the year with hundreds of additional practice questions. This Workbook supports our bestselling Checkpoint series, with exercises specifically matched to the Cambridge Progression tests and the Checkpoint tests. - Develops understanding and builds confidence ahead of assessment with exercises matched to the tests - Ensures a thorough understanding of all aspects of the course by following the structure of the relevant textbook - Saves planning time with exercises that are suitable for use in class or as homework This Workbook is matched to the Cambridge Lower Secondary Curriculum Framework and follows the structure of the equivalent Checkpoint Student's Book exactly.
