The FVHS English Department debuted the novel "Catfish and Mandala" this year in junior English classes, bringing the first Vietnamese-American voice in its core curriculum. The book's inclusion, part of the department's larger effort to maintain and expand a collection of diverse voices in its literature, fills a long-standing gap in a school whose student body was 54% Asian in the 2016-2017 school year .

In the book Catfish and Mandala, Andrew Pham was the same struggling with his identity after he left his homeland Vietnam. For Pham, leaving his country to the United States is a big turning point in his life. This turning point changes his life a lot the same way it changes me, both physically and mentally.

A Vietnamese Bicycle Days by a stunning new voice in American letters. Andrew X. Pham dreamed of becoming a writer. Born in Vietnam and raised in California, he held technical jobs at United Airlines-and always carried a letter of resignation in his briefcase. His father had been a POW of the Vietcong; his family came to America as "boat people." His sister committed suicide, prompting Andrew to quit his job. He sold all of his possessions and embarked on a year-long bicycle journey that took him through the Mexican desert, where he was treated as a bueno hermano, a "good brother"; around a thousand-mile loop from Narita to Kyoto in Japan; and, after five months and 2,357 miles, to Saigon, where he finds "nothing familiar in the bombed-out darkness." In Mexico he's treated kindly as a Vietnamito, though he shouts, "I'm American, Vietnamese American!" In Vietnam, he's taken for Japanese or Korean by his countrymen, except, of course, by his relatives, who doubt that as a Vietnamese he has the stamina to complete his journey ("Only Westerners can do it"); and in the United States he's considered anything but American. A vibrant, picaresque memoir written with narrative flair and a wonderful, eye-opening sense of adventure, Catfish and Mandala is an unforgettable search for cultural identity.

A stunning psychological thriller about friship, drugs, and murder from the author of The Vanishing. Egon Wagter and Axel van de Graaf met when they were both fourteen and on vacation in Belgium. Axel is

fascinating, filled with an amoral energy by which the more prudent, less adventurous Egon is both mesmerized and repelled. Even as a teen, Axel has a strange power over those around him. He defies authority, seduces women, breaks the law. Axel chooses Egon as a friend, a friendship that somehow ures over time and ends up determining Egon's fate. During his university studies, Egon frequents Axel's house in Amsterdam, where there is a party every night and women fill the rooms. Though Egon chooses geology over Axel's life of avarice and drug dealing, he remains intrigued by his friend's conviction that the only law that counts is the law he makes himself. Egon believes that Axel is a demonic figure who tempts others only because he knows they want to be tempted. By the time he is in his forties, Egon finds himself divorced and with few professional prospects. He turns for help to Axel, who sends him to Ratanakiri, a fictional country in Southeast Asia. Axel gives Egon a suitcase to deliver-and Egon never returns. Utterly compelling and resonant, *The Cave* is an unforgettable story of betrayal in the spirit of Tim Krabbé's remarkable first novel, *The Vanishing*.

A Vietnamese son's account of his father's experiences in three wars remembers how his former wealthy landowner family was shattered by the French occupation of Indochina, the Japanese invasion during World War II, and the Vietnam War. Reprint.

This collection of essays is an important contribution to travel writing studies -- looking beyond the explicitly political questions of postcolonial and gender discourses, it considers the form, poetics, institutions and reception of travel writing in the history of empire and its aftermath. Starting from the premise that travel writing studies has received much of its impetus and theoretical input from the sometimes overgeneralized precepts of postcolonial studies and gender studies, this collection aims to explore more widely and more locally the expression of imperialist discourse in travel writing, and also to locate within contemporary travel writing attempts to evade or re-engage with the power politics of such discourse. There is a double focus then to explore further postcolonial theory in European travel writing (Anglophone, Francophone and Hispanic), and to trace the emergence of postcolonial forms of travel writing. The thread that draws the two halves of the collection together is an interest in form and relations between form and travel.

From Andrew X. Pham, the award-winning author of *Catfish and Mandala*, a son's searing memoir of his Vietnamese father's experiences over the course of three wars. The *Philadelphia Inquirer* hailed Andrew Pham's debut, *Catfish and Mandala: A Two-Wheeled Voyage Through the Landscape and Memory of Vietnam*, for evoking "the full sadness of the human condition . . . marveling at spiritual resilience amid irreconcilable facts." The *New York Times Book Review* called it, simply, "remarkable." Now, in *The Eaves of Heaven*, Pham gives voice to his father's unique experience in an unforgettable story of war and remembrance. Once wealthy landowners, Thong Van Pham's family was shattered by the tumultuous events of the twentieth century: the festering French occupation of Indochina, the Japanese invasion during World War II, and the Vietnam War. Told in dazzling chapters that alternate between events in the past and those closer to the present, *The Eaves of Heaven* brilliantly re-creates the trials of everyday life in Vietnam as endured by one man, from the fall of Hanoi and the collapse of French colonialism to the frenzied evacuation of Saigon. Pham offers a rare portal into a lost world as he chronicles Thong Van Pham's heartbreaks, triumphs, and bizarre reversals of fortune, whether as a South Vietnamese soldier pinned down by enemy fire, a prisoner of the North Vietnamese under brutal interrogation, or a refugee desperately trying to escape Vietnam after the last American helicopter has abandoned Saigon. This is the story of a man caught in the maelstrom of twentieth-century politics, a gripping memoir told with the urgency of a wartime dispatch by a writer of surpassing talent.

"The book is informed by the Vietnamese immigrations of the nineteen-seventies but is filled with social observation of contemporary middle-class culture and indie sensibility . . . Quietly beautiful, Strom's stories are hip without being ironic." *The New Yorker* When *The Gentle Order of Girls and Boys* was first published in 2006, it was groundbreaking in its depiction of contemporary young Vietnamese women living in the United States, centering their ordinary lives as mothers, lovers, friends, and daughters against the backdrop of immigration and assimilation. Available now for the first time in paperback and featuring an introduction by Isabelle Thuy Pelaud and a new preface by the author, *The Gentle Order of Girls and Boys* is a beautifully written, psychologically astute foray into the rite of female passage.

Nothing Ever Dies, Viet Thanh Nguyen writes. All wars are fought twice, the first time on the battlefield, the second time in memory. From the author of the bestselling novel *The Sympathizer* comes a searching exploration of a conflict that lives on in the collective memory of both the Americans and the Vietnamese.

In Thong Tran's Vietnam, everyone is at war and no one is who they seem. But even a conflicted heart needs a home. Yearning for a true father and a cause to give himself to, Thong chooses independence, liberty and happiness his tutor and the Viet Cong. It is a choice with karmic consequences he will spend the next half century criss-crossing the Pacific to outrun.Can Thong set down the bones rankling in his heart? And at what cost? A searing story about a Vietnamese man's struggle to balance the many faces of belong and loyalty in a Vietnamese family torn asunder

Cold War Friendships explores the plight of the Asian ally of the American wars in Korea and Vietnam. Enlisted into proxy warfare, this figure is not a friend but a "friendly," a wartime convenience enlisted to serve a superpower. It is through this deeply unequal relation, however, that the Cold War friendly secures her own integrity and insists upon her place in the neocolonial imperium. This study reads a set of highly enterprising wartime subjects who make their way to the US via difficult attachments. American forces ventured into newly postcolonial Korea and Vietnam, both plunged into civil wars, to draw the dividing line of the Cold War. The strange success of containment and militarization in Korea unraveled in Vietnam, but the friendly marks the significant continuity between these hot wars. In both cases, the friendly justified the fight: she was also a political necessity who redeployed cold war alliances, and, remarkably, made her way to America. As subjects in process--and indeed, proto-Americans--these figures are prime literary subjects, whose processes of becoming are on full display in Asian American novels and testimonies of these wars. Literary writings on both of these conflicts are presently burgeoning, and *Cold War Friendships* performs close analyses of key texts whose stylistic constraints and contradictions--shot through with political and historical nuance--present complex gestures of alliance.
