The Globe-Trotter® GT5400 is the result of Dräger's ongoing commitment to developing a safer and more stable neonatal transport system. This system meets global standards and moves seamlessly from vehicle to vehicle – by helicopter, airplane or land ambulance.

Neonatal Transport Dräger Globe-Trotter® GT5400

The Babyleo® TN500 is Dräger's first IncuWarmer that provides optimal thermoregulation for neonates in open care, closed care and transition. With the combination of three heat sources, this device protects your little patients so they can grow while making your workflow easier with quick and comfortable access to the baby.
