Esclavos rebeldes: Conspiraciones y sublevaciones de esclavos en Puerto Rico (1795-1873) Baralt's monograph grew out of a dissertation done at the University of Chicago on slave rebellions in Puerto Rico. The period covered is primarily from 1795 to the late 1840s, during which the majority of the organized revolts took place. This is followed by a chapter on individual acts of murder and rebellion, which characterized slave uprisings from the 1850s down to abolition in 1873.

Azúcar y esclavitud finales del siglo XVIII Bayamón comenzó a convertirse en una de las regiones azucareras más importantes de Puerto Rico. Este incremento en la producción azucarera ocurre principalmente durante los años de 1810 a 1820 como consecuencia inmediata de la escasez de azúcar en el mercado mundial debido al descenso de la producción de azúcar de Haití.

Fire Under My Feet seeks to expose the diverse, significant, and often under-researched historical and developmental phenomena revealed by studies in the dance systems of the African Diaspora. In the book, written documentation and diverse methodologies are buttressed by the experiences of those whose lives are built around the practice of African diaspora dance. Replete with original perspectives, this book makes a significant contribution to dance and African diaspora scholarship simultaneously. Most important, it highlights the work of researchers from Ecuador, India, Puerto Rico, the United States, and the United Kingdom, and it exposes under-researched and omitted voices of the African diaspora dance world of the aforesaid locations and Puerto Rico, Columbia, and Trinidad as well. This study showcases a blend of scholars, dance practitioners, and interdisciplinarity, and engages the relationship between African diaspora dance and the fields of history, performance studies, critical race theory, religion, identity, and black agency.	

Rich with medical folklore and the healing tales of heroines whose work and words have sustained generations, Remedios presents the history of the many women á__ and cultures á__ who have met at the crossroads of the island of Puerto Rico. Beginning with the First Mother in sub-Saharan Africa more than 200,000 years ago, Aurora Levins Morales takes readers on a poetic journey through time and space. This historical memoir revives connections to legends and lore, and bears witness to oppression and resistance.

	
Silencing Race provides a historical analysis of the construction of silences surrounding issues of racial inequality, violence, and discrimination in Puerto Rico. Examining the ongoing racialization of Puerto Rican workers, it explores the ‘class-making’ of race.	

Since the Mexican Revolution of 1910-1920, Mexico's rebellious peasant has become a subject not only of history but of literature, film, and paintings. With his sombrero, his machete, and his rifle, he marches or rides through countless Hollywood or Mexican films, killing brutal overseers, hacienda owners, corrupt officials, and federal soldiers. Some of Mexico's greatest painters, such as Diego Rivera, have portrayed him as one of the motive forces of Mexican history. Was this in fact the case? Or are we dealing with a legend forged in the aftermath of the Revolution and applied to the Revolution itself and to earlier periods of Mexican history? This is one of the main questions discussed by the international group of scholars whose work is gathered in this volume. They address the subject of agrarian revolts in Mexico from the pre-Columbian period through the twentieth century. The volume offers a unique perspective not only on Mexican riots, rebellions, and revolutions through time but also on Mexican social movements in contrast to those in the rest of Latin America. The contributors to the volume are Ulises Beltran, Raymond Buve, John Coatsworth, Romana Falcon, John M. Hart, Evelyn Hu-DeHart, Friedrich Katz, William K. Meyers, Enrique Montalvo Ortega, Herbert J. Nickel, Leticia Reina, William Taylor, Hans Werner Tobler, John Tutino, Arturo Warman, and Eric Van Young. Originally published in 1988. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

This volume (the first one published) begins with an overview of the slave trade, African slavers and the demography of the Caribbean up to 1750. Scholars go on to study the demographic and social structure of the Caribbean slave societies in the 18 and 19 centuries, their evolution and significance, the social and political control in the slave society and forms of resistance and religious beliefs, as well as Maroon communities in the circum-Caribbean. The phenomenon of pluralism and creolization is analysed. The volume closes with a study of the distintegration of the Caribbean slave systems.

A "wide-ranging, vivid" narrative history of one of the most coveted and complex regions of the world: the Caribbean (The Observer). Ever since Christopher Columbus stepped off the Santa Maria and announced that he had arrived in the Orient, the Caribbean has been a stage for projected fantasies and competition between world powers. In Empire's Crossroads, British American historian Carrie Gibson offers a panoramic view of the region from the northern rim of South America up to Cuba and its rich, important history. After that fateful landing in 1492, the Briiish, French, Spanish, Portuguese, Dutch, Danish, and even the Swedes, Scots, and Germans sought their fortunes in the islands for the next two centuries. These fraught years gave way to a booming age of sugar, horrendous slavery, and extravagant wealth, as well as the Haitian Revolution and the long struggles for independence that ushered in the modern era. Gibson tells not only of imperial expansion—European and America—but also of life as it is lived in the islands, from before Columbus through the tumultuous twentieth century. Told "in fluid, colorful prose peppered with telling anecdotes," Empire's Crossroads provides an essential account of five centuries of history (Foreign Affairs). "Judicious, readable and extremely well-informed . . . Too many people know the Caribbean only as a tourist destination. [Gibson] takes us, instead, into its fascinating, complex and often tragic past. No vacation there will ever feel quite the same again." —Adam Hochschild, author of To End All Wars and King Leopold's Ghost

This bibliography of 20th century literature focuses on slavery and slave-trading from ancient times through the 19th century. It contains over 10,000 entries, with the principal sections organizing works by the political/geographical frameworks of the enslavers.

"Stimulating, incisive, insightful, sometimes revisionist, this volume is required reading for historians of comparative colonialism in an age of revolution." --Choice "[An] eminently original and intellectually exciting book." --William and Mary Quarterly This volume examines several slave societies in the Greater Caribbean to illustrate the pervasive and multi-layered impact of the revolutionary age on the region. Built precariously on the exploitation of slave labor, organized according to the doctrine of racial discrimination, the plantation colonies were particularly vulnerable to the message of the French Revolution, which proved all the more potent because it coincided with the emergence of the antislavery movement in the Atlantic world and interacted with local traditions of resistance among the region's slaves, free coloreds, and white colonists.
