~~Financial Accounting For Decision Makers by Peter Atrill~~

Financial & Managerial Accounting for Decision Makers is intended for use in an introductory accounting course that combines financial and managerial accounting concepts, at either the undergraduate or graduate level; one that balances the preparation of accounting information with its analysis and interpretation.

With a comprehensive and accessible introduction to

Read PDF Financial Accounting For Decision Makers 8th Edn

the subject, Financial Accounting for Decision Makers focuses on the ways in which financial statements and information can be used to improve the quality of decision making. The practical emphasis throughout the book ensures the material is always relevant, whilst the authors' style of introducing topics gradually and explaining technical terminology in a clear, friendly style caters for all students, whether on specialist accounting or non-specialist business degrees.

FINANCIAL ACCOUNTING: THE IMPACT ON DECISION MAKERS, 10E makes it easy to demonstrate that accounting is a powerful tool for business decision-making by going beyond debits and credits and keeping

Read PDF Financial Accounting For Decision Makers 8th Edn

students focused on the big picture. For example, journal entries require students to demonstrate the balance sheet and income statement impact of transactions, helping students see how business events ultimately impact the financial statements. In addition to exposing students to annual reports of highly recognizable companies such as Nike, Porter's exclusive Ratio Decision-Model provides students with a framework for reading and interpreting financial statements to make decisions. The focus on financial statements and decision-making carries through to the end-of-chapter with a suite of case materials that have students reading and interpreting financial statements. Important Notice: Media content referenced within the
