A Core Study Text for the ATT Qualification

When the citizens of the United Kingdom voted to leave the European Union, they delivered a profound shock to its nearest neighbour: Ireland. Brexit represents potentially the single greatest foreign-policy and economic challenge to the Irish state since the Second World War. More than any other journalist, RTE's long-time Brussels correspondent Tony Connelly has been helping the public make sense of the implications of Brexit for Ireland. Now, in Brexit and Ireland, he tells the inside story of the Irish response and explores the many ways in which this political and economic earthquake is likely to play out. Based on extensive interviews with insiders in Dublin, London, Belfast and Brussels, and building on Tony Connelly's unmatched feel for how the EU really works, Brexit and Ireland is a must-read for anyone who cares about Ireland's future.

This book steers buyers through the the confusion and anxiety of new and used vehicle purchases unlike any other car-and-truck book on the market. "Dr. Phil," Canada's best-known automotive expert for more than forty-five years, pulls no punches.
