five benches--two sturdy English benches and two variations on the French Roubo, as well as a portable bench you can clamp to any solid surface. The old-school benches in this book are simpler than modern benches, easier to build and perfect for both power and hand tools. Beginning woodworkers can build any of these benches. The technical drawings are clear and show every detail. Using the step-by-step instructions, you will be amazed at how easily these workbenches can be constructed.
