It's legal and regal--time to make some classy baked goods that can get you baked. Because everyone loves sugar, and (nearly) everyone loves cannabis. This beautifully photographed cookbook celebrates a British-style high tea--where all the delightful snacks are laden with cannabis. Because now that the legal and regulated consumption of cannabis is steadily increasing, more and more of us are using weed when we bake. Gobbling down cannabis gives you a different high than smoking it, plus it's fun and easy to bake with, and the therapeutic benefits are much more effective. So it's time to get this book and make a classy high tea worthy of the British royals (but load it with space cakes, tarts, and sweet treats). Just some of the recipes included in this book are Dulce de Leche Sandwich Cookies, S'mokey S'Mores Bars, Gooey Brownies, Proper Scones, and centerpiece-worthy creations like the Banana Toffee Cake. This book also explains the basics to making herb butters, oils, and other essential cannabinoid baking bases. Best of all, the mind-melting component of each of these desserts can be cranked up, dialed down, or removed completely--depending on your personal preference.

Pulitzer Prize-winner James B. Stewart shows for the first time how four of the eighties' biggest names on Wall Street—Michael Milken, Ivan Boesky, Martin Siegel, and Dennis Levine —created the greatest insider-trading ring in financial history and almost walked away with billions, until a team of downtrodden detectives triumphed over some of America's most expensive lawyers to bring this powerful quartet to justice. Based on secret grand jury transcripts, interviews, and actual trading records, and containing explosive new revelations about Michael Milken and Ivan Boesky written especially for this paperback edition, *Den of Thieves* weaves all the facts into an unforgettable narrative—a portrait of human nature, big business, and crime of unparalleled proportions.
