3 Simple Steps To Get Where You Want to Go

With the travel time calculator you can figure out whether it's worth driving to your destination or whether you'll get there on time. Now while driving may often seem like the right choice, certain delays along the way can make your trip take longer. Delays such as stopping for gas, food or sleep can add to the time it takes you to get there.

as many years' experience as a literary agent (Eckstut) and a book doctor (Sterry), this nuts-and-bolts guide demystifies every step of the publishing process: how to come up with a blockbuster title, create a selling proposal, find the right agent, understand a book contract, and develop marketing and publicity savvy. Includes interviews with hundreds of publishing insiders and authors, including Seth Godin, Neil Gaiman, Amy Bloom, Margaret Atwood, Leonard Lopate, plus agents, editors, and booksellers; sidebars featuring real-life publishing success stories; sample proposals, query letters, and an entirely updated resources and publishers directory.

If you want to go up the ladder of success, if you want to get what you want, if you want to fulfill that "burning desire" that keeps your mind busy all the time and you do not do something about it, if you want to do "that thing" that you wanted to do some day but you never got a chance to do so, you must take your hands out of your pockets, roll up your sleeves, and take action now. You cannot sit still and expect the elevator of success to come down and take you to the peak. It has not happened to anyone. It will not happen to you either, guaranteed! Over the past several years I have helped many people like you to take their hands out of their pockets and climb their ladder of success. I have spent quality time with them, listened to them, felt their pain, assisted them in taking the right path, and made sure they came out of the process successful and fulfilled. I want to help you too. If you are committed to YOUR success and want to get what you truly want, this book is an excellent start. Are you ready for the journey?

The bestselling author of *How to Become CEO* returns with a pithy, smart, and useful

collection of wisdom learned by business leaders at their own family dinners. Do you want to get to the top? Do you want to know how to rise above the crowd and become a leader in your field? Then this is the book for you. In *How to Get to the Top*, bestselling author Jeffrey J. Fox combines his own experience as an extremely successful entrepreneur with lessons learned at the family dinner table by business leaders such as Howard Schultz, CEO of Starbucks; Tom Chappell, founder of Tom's of Maine; Leslie Blodgett, CEO of Bare Escentuals; and George Steinbrenner, principal owner of the New York Yankees. The essential guide on how to get to the top--and stay there--this compelling book contains hard-hitting advice on independence and self-reliance, management dynamics, and problem solving, including: You can't sour the milk. Speak sweetly: You may have to eat your words. Tip as if you were the tippee. Act like you own the place. You have to know the rules to break them. Never be late. Always compliment the chef . . . especially at home. Teach your girls to whistle. Spend the company's money as you would your own. Don't teach the quarterback to catch.

OVER 250,000 COPIES IN PRINT, WITH A NEW CHAPTER ON THE 2018 TAX CUTS. There's a massive freight train bearing down on the average American investor, and it's coming in the form of higher taxes. The United States Government has made trillions of dollars in unfunded promises for programs like Social Security and Medicare—and the only way to deliver on these promises is to raise taxes. Some experts have even suggested that tax rates will need to double, just to keep our country solvent. Unfortunately, if you're like most Americans, you've saved the majority of your retirement assets in tax-deferred vehicles like 401(k)s and IRAs. If tax rates go up, how much of your hard-earned money will you really get

to keep? In *The Power of Zero*, McKnight provides a concise, step-by-step roadmap on how to get to the 0% tax bracket by the time you retire, effectively eliminating tax rate risk from your retirement picture. Now, in this expanded edition, McKnight has updated the book with a new chapter on the 2017 Tax Cuts and Jobs Act, showing readers how to navigate the new tax law in its first year of being in effect, and how they can extend the life of their retirement savings by taking advantage of it now. The day of reckoning is fast approaching. Are you ready to do what it takes to experience the power of zero?

Felix Dennis is an expert at proving people wrong. Starting as a college dropout with no family money, he created a publishing empire, founded *Maxim* magazine, made himself one of the richest people in the UK, and had a blast in the process. *How to Get Rich* is different from any other book on the subject because Dennis isn't selling snake oil, investment tips, or motivational claptrap. He merely wants to help people embrace entrepreneurship, and to share lessons he learned the hard way. He reveals, for example, why a regular paycheck is like crack cocaine; why great ideas are vastly overrated; and why "ownership isn't the important thing, it's the only thing."

Discover the Six Habits of Highly Empathic People A popular speaker and co-founder of The School of Life, Roman Krznaric has traveled the world researching and lecturing on the subject of empathy. In this lively and engaging book, he argues that our brains are wired for social connection. Empathy, not apathy or self-centeredness, is at the heart of who we are. By looking outward and attempting to identify with the experiences of others, Krznaric argues, we

can become not only a more equal society, but also a happier and more creative one. Through encounters with groundbreaking actors, activists, designers, nurses, bankers and neuroscientists, Krznaric defines a new breed of adventurer. He presents the six life-enhancing habits of highly empathic people, whose skills enable them to connect with others in extraordinary ways – making themselves, and the world, more truly fulfilled.

In a world where every business, brand, product, and service needs a strong visual identity, it's critical for clients and creative professionals to work together. And the key to success, as with any relationship, is communication. In *Dear Client*, award-winning graphic designer Bonnie Siegler offers an invaluable step-by-step guide to how to talk so creatives will listen, and how to listen when creatives talk. Written as a series of honest, friendly lessons—"Know What You Like," "Decide Who Will Decide," "Focus Groups Suck," "Don't Say 'Make It Yellow,' Say 'Make It Sunny,'" "Serve Lunch During Lunchtime Meetings"—it shows exactly how to deal with the subjectivity, emotional pitfalls, and occasional chaos of a creative partnership. Here's how to articulate your visual goals and set a clear, consistent direction. How to give feedback that works and avoid words that inhibit creative thinking. How to be open to something you didn't imagine. And most of all, how to have fun, save money, and get the results you want.

have been able to turn a poor man, into a rich man, by simply re-arranging some words on a page.

#1 NEW YORK TIMES BEST SELLER • In this urgent, authoritative book, Bill Gates sets out a wide-ranging, practical—and accessible—plan for how the world can get to zero greenhouse gas emissions in time to avoid a climate catastrophe. Bill Gates has spent a decade investigating the causes and effects of climate change. With the help of experts in the fields of physics, chemistry, biology, engineering, political science, and finance, he has focused on what must be done in order to stop the planet's slide to certain environmental disaster. In this book, he not only explains why we need to work toward net-zero emissions of greenhouse gases, but also details what we need to do to achieve this profoundly important goal. He gives us a clear-eyed description of the challenges we face. Drawing on his understanding of innovation and what it takes to get new ideas into the market, he describes the areas in which technology is already helping to reduce emissions, where and how the current technology can be made to function more effectively, where breakthrough technologies are needed, and who is working on these essential innovations. Finally, he lays out a concrete, practical plan for achieving the goal of zero emissions—suggesting not only policies that governments should adopt, but what we as individuals can do to keep our government, our employers, and ourselves accountable in this crucial enterprise. As Bill Gates makes clear, achieving zero emissions will not be simple or easy to do, but if we follow the plan he sets out here, it is a goal firmly within our reach.
