Multinational Financial  
Management, 10th Edition  
provides corporate managers  
with a conceptual framework  
within which the key  
financial decisions of the  
multinational firm can be  
analyzed. It contains charts

and illustrations of corporate practice that are designed to highlight specific techniques.

Numerous real-world examples and vignettes provide actual applications of financial concepts and theories. Seven longer illustrations of actual company practices appear at the end of key chapters to demonstrate different aspects of international financial management. Corporate managers will also benefit from the mini cases in each chapter that illustrate important concepts.

Combining depth of theory with practical applications,
