~~When is a table in 3NF?~~

~~bartleby~~

A management control system basically seeks to gather information and use the information gathered to evaluate the performance of different organizational resources like human, physical, financial and also organization as a whole. In designing a management control

Online Library Management

system, we ask
ourselves two questions.
They are:

~~Designing and
evaluating management
control systems ...~~

Management

Information

5. Transition: The development team finalizes the system and puts it in change. It also trains the users of the system and the management. 6.

Production: In this stage the organization continuously monitors, maintain and evaluate the system. 7.

Retirement: In this stage

Online Library Management

the old system is retired
and usually leads to the
inception of a new
system,
