This book offers a global history of civilian, military and gendarmerie-style policing around the First World War. Whilst many aspects of the Great War have been revisited in light of the centenary, and in spite of the recent growth of modern policing history, the role and fate of police forces in the conflict has been largely forgotten. Yet the war affected all European and extra-European police forces. Despite their diversity, all were confronted with transnational factors and forms of disorder, and suffered generally from mass-conscription. During the conflict, societies and states were faced with a crisis situation of unprecedented magnitude with

mass mechanised killing on the battle field, and starvation, occupation, destruction, and in some cases even revolution, on the home front. Based on a wide geographical and chronological scope – from the late nineteenth century to the interwar years – this collection of essays explores the policing of European belligerent countries, alongside their empires, and neutral countries. The book's approach crosses traditional boundaries between neutral and belligerent nations, centres and peripheries, and frontline and rear areas. It focuses on the involvement and wartime transformations of these law-enforcement forces, thus highlighting underlying changes in police organisation, identity and practices across this period.

linguistic boundaries. No matter if you were raised to call it *derriere*, *tush*, *rear end*, or *booty*, *culo* is the new epicenter of female sexuality, desire, and empowerment. Over the past decade, some of the world's most celebrated women have subtly shifted our long-held ideals of physical perfection toward a shape that is more authentic and bold. While *culo* has long been venerated in certain cultures, it is now becoming the object of worldwide mainstream admiration. This emerging global love affair with *culo* is as much about the blending of African, Latin, European, and Asian beauty as it is about celebrating the female form's most coveted asset. *Culo* by Mazzucco pays tribute to this phenomenon through a singular artistic vision. In more than 200 photographs and artworks created on location around the world, a diverse group of women—some already legendary, some

A collection of 18 short vampire tales.

Sangati is a startling insight into the lives of Dalit women who face the double disadvantage of caste and gender discrimination. Written in a colloquial style, the original Tamil version overturns the decorum and aesthetics of upper-caste, upper-class Tamil literature and culture and, in turn, projects a positive cultural identity for Dalits in general and for Dalit women in particular. Sangati flouts received notions about what a novel should be and has no plot in the normal sense. It relates the mindscape of a Dalit woman who steps out of her small town community, only to enter a caste-ridden and hierarchical society, which constantly questions her caste status. Realizing that

leaving her community is no escape, she has to come to terms with her identity as an educated, economically independent woman who chooses to live alone. In relating this tale, Bama turns Sangati into the story not just of one individual, but of a pariah community. Marked by rich ethnographic detail, Sangati is a significant political and ideological contribution to Dalit writing in Tamil. With a critical introduction by Lakshmi Holmstrom, this book will appeal to readers interested in Indian writing in translation and to students and teachers of translation studies, the political and social history of modern India, and cultural studies.

this is the story i want in your hands, these are the words i want you to keep, the words i want to be yours as much as they are mine. this is my heart, my soul. this is what i want you to know: that you are seen and loved, known. that you don't have to carry what doesn't belong to you: the pain, the shame, the tears. that the sun will rise tomorrow, and hope along with it.
