Orthopaedics And Trauma Journal

Elsevier's Orthopaedics and Trauma is a continually updated learning resource for trainees. Organised to support the curriculum of a four-year FRCS (Tr and Orth) study, Orthopaedics and Trauma provides a comprehensive review of the latest scientific and clinical advances in orthopaedics. This resource also provides Consultants with a useful didactic tool to help train their junior staff.

Home Page: Orthopaedics and Trauma

Orthopaedics and Trauma presents a unique collection of International review articles summarizing the current state of knowledge in orthopaedics. Each issue begins with a focus on a specific area of the orthopaedic knowledge syllabus, covering several related topics in a mini-symposium; other articles complement this to ensure that the breadth of orthopaedic learning is supplemented in a 4 year cycle.
