The only NLN-PAX study guide based on the evidence-based method of Cognitive Recall, with a customizable study schedule. Designed specifically for the NLN PAX, this study guide includes: A customizable plan to fit your unique study schedule 2 FULL practice tests with guided answer explanations 300+ total practice and example questions Concise coverage of all domains and topics, including review items WHAT IS COGNITIVE RECALL? Cognitive Recall is the science of implementing the optimal space of time between learning something, then reviewing it, and later quizzing yourself on it. Scientists say studying effectively is not a function of how long or how often you study - it's the order, schedule, and timing of your studies. Traditional study guides tend to be nothing more than extended versions of repeated cram sessions, which is neither efficient or effective. Cramming is the opposite of Cognitive Recall learning, evidenced by the extremely short-lived benefits. The memories from a cram session have been shown to fade away after only a few hours. That's not an option if you are serious about passing the NLN-PAX. CUSTOMIZED STUDY SCHEDULE Designed around the ideal timeframe of 30-days, our system can be easily extended or reduced to fit your specific schedule and test date. This PAX Guide has the functionality of a customizable calendar telling you not only what to focus on, but when to focus on it.

Barron's Nursing School Entrance Exams provides detailed review and practice materials that you need to achieve success on the various Nursing School Entrance Exams (including the HESI A2, NLN PAX-RN, PSB-RN, RNEE, and the TEAS). This edition features: A multi-part exam that covers all of the topic areas and question types seen on most nursing school entrance exams A diagnostic test so you can assess your strengths and weaknesses in each topic area before beginning your review Comprehensive review and practice material for all Verbal Ability, Reading Comprehension, and Numerical Ability topics An entire review and practice section for all Science topics, with each section broken down into an outline format for quick studying and sample tests for every topic Test-taking strategies and answers to frequently asked questions about preparing for your entrance exam Strategies for answering each question type You'll also get information about nursing programs and the profession in general.
