Richard gets frustrated by most of Mr. Best's assignments, but this latest one is the worst. He has to write a composition about a proverb that illustrates something that has happened in his life. And as if that isn't bad enough, Mr. Best has told him he needs to find his "writing voice." While working on the assignment, Richard finds his voice in more ways than one. He discovers that being himself makes a big difference in his writing and in his life.

An old woman demonstrates the value of her age when she solves a warlord's three riddles and saves her village from destruction.

Spectrum(R) Writing for grade 6 guides students through each step of the writing process as they write paragraphs, personal narratives, fiction stories, descriptive comparisons, outlines, research reports, persuasive arguments, and more. Spectrum(R) Writing workbooks guide students as they write for a variety of purposes, including writing to tell a story, writing to provide information, and writing to state an opinion. Lessons support current state standards. Step-by-step instructions help with planning, drafting, revising, proofreading, and sharing writing. A Writer's Handbook reinforces grammar and language skills, and a complete Answer Key is included. Engaging, open-ended writing projects combined with standards-based learning make these workbooks an essential resource for school success. Spectrum, the best-selling workbook series, is proud to provide quality educational materials that support your students' learning achievement and success.

Want to know where Chuck Palahniuk's tonsils currently reside? Been looking for a naked mannequin to hide in your kitchen cabinets? Curious about Chuck's debut in an MTV music video? What goes on at the Scum Center? How do you get to the Apocalypse Café? In the closest thing he may ever write to an autobiography, Chuck Palahniuk provides answers to all these questions and more as he takes you through the streets, sewers, and local haunts of Portland, Oregon. According to Katherine Dunn, author of the cult classic Geek Love, Portland is the home of America's "fugitives and refugees." Get to know these folks, the "most cracked of the crackpots," as Palahniuk calls them, and come along with him on an adventure through the parts of Portland you might not otherwise believe actually exist. No other travel guide will give you this kind of access to "a little history, a little legend, and a lot of friendly, sincere, fascinating people who maybe should've kept their mouths shut." Here are strange personal museums, weird annual events, and ghost stories. Tour the tunnels under downtown Portland. Visit swingers' sex clubs, gay and straight. See Frances Gabe's famous 1940s Self-Cleaning House. Look into strange local customs like the I-Tit-a-Rod Race and the Santa Rampage. Learn how to talk like a local in a quick vocabulary lesson. Get to know, I mean really get to know, the animals at the Portland zoo. Oh, the list goes on and on.

Paul Grimwood has responded and worked from over a hundred fire stations in the USA and Europe. In this, his third book, he demonstrates how the very best strategies and tactical approaches from Europe and the USA may be effectively combined to enhance firefighter tactics and safety at structure fires. The book also covers and exceeds the 2007 syllabus of the European (UK) EDEXCEL CFBT Instructor Qualification (90 hours) for practical Fire Behavior Training (flashover training in ISO shipping containers and other FDS units). Euro Firefighter is for the CFBT instructor, firefighter, company officer and fire chief. The concept of teaching about flashover using ISO steel shipping containers was developed in Europe -- now read how European instructors teach fire behavior using a vast array of Fire Development Simulators (FDS). This book will also take you out onto the fire-grounds of London, New York, Madrid, Chicago, Paris, Germany and Sweden, demonstrating how similar fires are fought using different strategic approaches and showing how US and EURO firefighting tactics are gradually aligning in many areas. From tactical ventilation to air management, from Rapid Intervention Teams to high-rise firefighting and limited staffing, the author brings you the best tactics from Europe and the USA in one training manual! Written in such a way that the training officer can immediately transfer key learning points directly into training presentations, the core principles of this training package enhance firefighter safety on the fire-ground. The book also provides a LINK CODE for ongoing updates and web-based downloads. Euro Firefighter covers a broad range of issues important to anyone who steps off a fire truck at the scene of an emergency.
