Social Structure and Law: Theoretical and Empirical ...
There is still a good deal of confusion surrounding the sociology of law with regard to the subject and boundaries of the field. Social Structure and Law clarifies some of the central issues. Using his own social structure model, Evan explains the interactions between legal and non-legal institutions and provides some useful theoretical guidelines for ongoing research.

File Type PDF Social Structure And Law Theoretical And Empirical Perspectives Empirical Library Of Social Research

A law in social science is a universal generalization about a class of facts. A fact is an observed phenomenon, and observation means it has been seen, heard or otherwise experienced by researcher. A theory is a systematic explanation for the observations that relate to a particular aspect of social life.
