Grief is a personal journey, never the same for any two people and as unique as your life and your relationships. Although loss is an inevitable part of life, how you approach this fact can make the difference between meaningless pain and the manifestation of understanding and wisdom. This book describes a mindful approach to dealing with grief that can help you make that difference. By walking this mindful path, you will discover that you are capable of transforming and healing the grief you carry and finding the spiritual and emotional resilience you need to move through this challenging time. These mindfulness practices, explained here in simple and practical language, will help you bear your time of grief. But they will do more than that, too. They will guide you to a life more fully

lived, with more meaning. These simple practices will help you experience what richness comes from asking deeper questions about loss and about life.

What does the Old Testament—especially the law—have to do with your Christian life? In this warm, accessible volume, Carmen Joy Imes takes readers back to Sinai, arguing that we've misunderstood the command about "taking the Lord's name in vain." Instead, Imes says that this command is really about "bearing God's name," a theme that continues throughout the rest of Scripture.

The Book That Launched an International Movement “An absolute must-read for parents.” —The Boston Globe “It rivals Rachel Carson’s Silent Spring.” —The Cincinnati Enquirer “I like to play indoors better ’cause that’s where all the electrical outlets are,” reports a fourth grader. But it’s not only computers, television, and video games that are keeping kids inside. It’s also their parents’ fears of traffic, strangers, Lyme disease, and West Nile virus; their schools’ emphasis on more and more homework; their structured schedules; and their lack of access to natural areas. Local governments, neighborhood associations, and even organizations devoted to the outdoors are placing legal and regulatory constraints on many wild spaces, sometimes making natural play a crime. As children’s connections to nature diminish and the social, psychological, and spiritual implications become apparent, new research shows that nature can offer powerful therapy for such maladies as depression, obesity, and attention deficit

Disorder. Environment-based education dramatically improves standardized test scores and grade-point averages and develops skills in problem solving, critical thinking, and decision making. Anecdotal evidence strongly suggests that childhood experiences in nature stimulate creativity. In *Last Child in the Woods*, Louv talks with parents, children, teachers, scientists, religious leaders, child-development researchers, and environmentalists who recognize the threat and offer solutions. Louv shows us an alternative future, one in which parents help their kids experience the natural world more deeply—and find the joy of family connectedness in the process. the opportunity for self-evaluation, discovery, and application. Skills for creating a successful classroom are included in this transcription of a keynote address and workshop given to a national conference of Montessori educators. Describing the counterproductive role that power and punishment currently play in schools, this treatise challenges educators to inspire cooperation without using demands, strengthening student interest and classroom community from within.

Fifty-two devotionals to help parents fortify their children with the word of God before they send them out the door in the morning or to their beds at night.

In this updated version of his best-selling book, Swindoll poignantly and honestly portrays the need for authentic love and transparency. In a world that focuses on images, sound bites, and quick impressions, we have forgotten how to really know one another. Many of us recoil from true intimacy. Author Charles Swindoll writes, "Full self-disclosure is something we tend to avoid at all costs. In fact, we are prone to keep people out of our private worlds by wearing masks—not physical masks but psychological ones." For example . . . The "I'm tough" mask hides weakness and fear. The "I'm holy" mask hides our struggle with temptation. The "I can handle it" mask hides bewilderment and hurt. Removing your masks and relinquishing your defenses are essential aspects of the Christian experience. And *Dropping Your Guard* portrays Bible teacher Chuck Swindoll at his best, delving into the treasures of God's Word to reveal strategic principles for building open and
