The Jefferson Bible

The Jefferson Bible The Life and Morals of Jesus of Nazareth was created in 1820 by Thomas Jefferson. He was seventy-seven years old when he constructed his book by cutting excerpts of the New Testament Gospels from six printed volumes published in English, French, Latin and Greek.

The Jefferson Bible | The Life and Morals of Jesus of Nazareth

The Life and Morals of Jesus of Nazareth, commonly referred to as the Jefferson Bible, is one of two religious works constructed by Thomas Jefferson. The first, The Philosophy of Jesus of Nazareth, was completed in 1804, but no copies exist today.

Jefferson Bible - Wikipedia

Jefferson Bible, original title The Philosophy of Jesus, abridgment of the New Testament compiled by Thomas Jefferson (1743–1826), who rearranged the text of the Gospels into an account of the life and ministry of Jesus that eschews mention of any supernatural or miraculous elements.

The Jefferson Bible : Jefferson, Thomas, 1743-1826 ...

Throughout the twentieth and early twenty-first centuries, secularists have contended that Jefferson attempted to write his own Bible, void of the miracles of the Bible, something that was characteristic of Deism. It is this work that secularists have designated as "Jefferson's Bible."

This is the extended and annotated edition including * a detailed annotation about the history of the Bible The Jefferson Bible, or The Life and Morals of Jesus of Nazareth as it is formally titled, was a book constructed by Thomas Jefferson in the latter years of his life by cutting and pasting numerous sections from various Bibles as extractions of the doctrine of Jesus. Jefferson's composition excluded sections of the New Testament containing supernatural aspects as well as perceived misinterpretations he believed had been added by the Four Evangelists, but others reject this claim, stating that his 1804 work was simply intended to instruct Native Americans about Jesus' moral teaching while his second work was for his own personal study. (from wikipedia)

Jefferson regarded Jesus as a moral guide rather than a divinity. In his unique interpretation of the Bible, he highlights Christ's ethical teachings, discarding the scriptures' supernatural elements, to reflect the deist view of religion.

The Jefferson Bible, or The Life and Morals of Jesus of Nazareth as it is formally titled, was Thomas Jefferson's effort to extract what he considered the pertinent doctrine of Jesus by removing sections of the New Testament containing supernatural aspects as well as perceived misinterpretations he believed had been added by the Four Evangelists. Using a razor, Jefferson cut and arranged selected verses from the books of Matthew, Mark, Luke, and John in chronological order, mingling excerpts from one text to those of another in order to create a single narrative. After completion of The Life and Morals, about 1820, Jefferson shared it with a number of friends, but he never allowed it to be published during his lifetime. The most complete form Jefferson produced was inherited by his grandson, Thomas Jefferson Randolph, and was published in 1895 by the National Museum in Washington. Once published in black-and-white facsimile by the Government Printing Office in 1900 as a gift for new members of Congress, the Jefferson Bible has never before been published in color in its complete form. The Jefferson Bible, Smithsonian Edition is an exact facsimile reproduction based on the original copy in the Smithsonian collections. The Jefferson Bible, Smithsonian Edition is as beautiful an object as was so painstakingly crafted by Thomas Jefferson himself.

We must reduce our volume to the simple evangelists, select, even from them, the very words only of Jesus. There will be remaining the most sublime and benevolent code of morals which has ever been offered to man."Thomas Jefferson Featuring an introduction by Forrest Church, this reissue of The Jefferson Bible offers extraordinary insight into the logic of Thomas Jefferson and the Gospel of Jesus. Working in the White House in 1804, Jefferson set out to edit the Gospels in order to uncover the essence of true religion in the simple story of the life of Jesus. Jefferson was convinced that the authentic message of Jesus could be found only by extracting from the Gospels Jesus's message of absolute love and service, rather than the miracle of the Annunciation, Virgin Birth, or even the Resurrection. Completed in 1819, this little book is the remarkable result of Jefferson's efforts.

The life and times of a uniquely American testament In his retirement, Thomas Jefferson edited the New Testament with a penknife and glue, removing all mention of miracles and other supernatural events. Inspired by the ideals of the Enlightenment, Jefferson hoped to reconcile Christian tradition with reason by presenting Jesus of Nazareth as a great moral teacher—not a divine one. Peter Manseau tells the story of the Jefferson Bible, exploring how each new generation has reimagined the book in its own image as readers grapple with both the legacy of the man who made it and the place of religion in American life. Completed in 1820 and rediscovered by chance in the late nineteenth century after being lost for decades, Jefferson's cut-and-paste scripture has meant different things to different people. Some have held it up as evidence that America is a Christian nation founded on the lessons of the Gospels. Others see it as proof of the Founders' intent to root out the stubborn influence of faith. Manseau explains Jefferson's personal religion and philosophy, shedding light on the influences and ideas that inspired him to radically revise the Gospels. He situates the creation of the Jefferson Bible within the broader search for the historical Jesus, and examines the book's role in American religious disputes over the interpretation of scripture. Manseau describes the intrigue surrounding the loss and rediscovery of the Jefferson Bible, and traces its remarkable reception history from its first planned printing in 1904 for members of Congress to its persistent power to provoke and enlighten us today.

In the early nineteenth century Thomas Jefferson, third President of the United States and principal author of the Declaration of Independence, conceived the idea of extracting a gospel purified of what he saw as extraneous philosophical, mythological, and theological elements. To do so, he took verses from the four canonical gospels and arranged them into a single narrative, focusing on the actual words of Jesus. This work was never published during Jefferson's lifetime, but was inherited by his grandson and printed for the first time in the early twentieth century. The original bound manuscript, often referred to as "the Jefferson Bible," is held by the United States National Museum in Washington.

"In 1804, toward the end of his first term as president, Thomas Jefferson began working on a book that he knew he could never publish. It was an unconventional edit of the Bible [actually the New Testament gospels], and he called it simply, The Philosophy of Jesus of Nazareth. Jefferson believed that the words of Jesus were "the most benevolent code of morals which has ever been offered to man", and he wanted to study his teachings apart from the other parts of the Gospels. Although [he] abandoned the project for over a decade, he finally returned to it in 1819. [He] eliminated anything that he felt was unsupported by history or science, including the virgin birth, Jesus' miracles and the resurrection. He then rearranged the remaining passages chronologically and in parallel translations in English, French, Greek and Latin, combining parts of all four Gospels into a narrative that begins in Bethlehem with Jesus' birth and ends with his burial. [The book] includes [the] original English text as well as a new introduction that examines Jefferson's life and complicated religious beliefs. ..."--Back cover.

Lists candidates for the "best" and "worst" excerpts from a variety of scriptures, including the Hebrew Bible, the Qur'an, the Bhagavadgîtâ, Buddhist sutras, and the Book of Mormon, and invites readers' opinions on the selections.

"Thomas Jefferson stands falsely accused of several crimes, among them infidelity and disbelief. Noted historian David Barton now sets the record straight. Having borne the brunt of a smear campaign that started more than two centuries ago, the reputation and character of American president Thomas Jefferson shows considerable tarnish, as lies and misunderstandings have gathered on his legacy. Noted early-America historian David Barton scours out the truth. Jefferson and Sally: Did he really have children by his slave, Sally Hemings? Jefferson and Jesus: Did he really abandon the faith of his family? Jefferson and the Bible: Did he really want to rewrite the Scripture? Jefferson and the church: Did he really advocate separation? Jefferson and slaves: What is the truth about his slaveholding and his statements that all are created equal? Jefferson and education: Did Jefferson really found the first secular, irreligious university? All of these questions deserve the cleansing light of truth. Barton has gone through the historical records, combed the original documents and letters, and examined the recent evidence, and his findings will upset the establishment. Barton shows the true man, the real Thomas Jefferson. Most readers will have the joy and surprise of meeting him for the very first time"--
