There have been many advances in theory and research on identity development since Erikson's writing over fifty years ago, and the time has come to

Access Free The Oxford Handbook Of Developmental Psychology Vol 1 Body And Mind

consolidate our knowledge and set an agenda for future research. The Oxford Handbook of Identity Development represents a turning point in the field of identity development research. Various, and disparate, groups of researchers are brought together to debate, extend, and apply Erikson's theory to contemporary problems and empirical issues.
