The legends of the Seven Sisters of the Pleiades that poets, priests, prophets, shamans, storytellers, artists, singers, and historians have told throughout time are retold in this compilation of the stories that have found their inspiration in nine beautiful stars clustered together in the night sky. While particular attention in this cross-cultural study is paid to the influence of the Pleiades cluster on the living traditions of indigenous people in North America, Australia, Japan, and the Pacific, much ancient mythology passed down through written and visual sources from ancient Egypt, India, Greece, and South America is also explored. Appearances of the myths in the modern world are also mentioned, including American presidential elections, Halloween, Atlantis, the Titanic, and Subaru automobiles. Serious astronomical research complements the variety of mythological explanations for the stars' existence by providing the modern world's scientific understanding of them.

Experience the grandeur of the remote Scottish Highlands and Madrid in this USA TODAY bestselling “beautifully written...magical adventure” (Woman’s World) following two women connected across time and distance as they search for the truth of their place in the world. Tiggy D’Aplîese spends her days reveling in the raw beauty of the Scottish Highlands, where she works at a deer sanctuary. But when the sanctuary is forced to close, she decides to take a job as a wildlife consultant on the vast estate of the elusive and troubled Charlie Kinnaird. She has no idea that the move will not only irrevocably alter her future, but also bring her face-to-face with her past. At the estate, she meets Chilly, an elderly Romani man who fled from Spain seventy years earlier. He tells her that not only does she possess a sixth sense passed down from her ancestors, but it was foretold long ago that he would be the one to send her back home. Back in 1912, in the poor Romani community outside the city walls of Granada, Lucía Amaya-Albaycin is born. At the tender age of ten, Lucía is whisked away by her ambitious father to dance in the flamenco bars of Barcelona. And while Lucía perfects her skills—eventually becoming the greatest flamenco dancer of her generation—tensions in Spain boil over into civil war, forcing Lucía and her troupe of dancers to flee for their lives. As they travel in search of a safe haven, Lucía’s long-held dream of going to New York may be in grasp. But to pursue it, she must choose between her love for her career and the man she adores. “A breathtaking adventure brimming with cruelty, tragedy, passion, [and] obsession” (Lancashire Evening Post, UK), The Moon Sister follows these two women on their journey to discover their true destinies—but at the risk of potentially losing the men they had hoped to build futures with.

Candida Wilton—a woman recently betrayed, rejected, divorced, and alienated from her three grown daughters--moves from a beautiful Georgian house in lovely Suffolk to a two-room walk-up flat in a run-down building in central London. Candida is not exactly destitute. So, is the move perversity, she wonders, a survival test, or is she punishing herself? How will she adjust to this shabby, menacing, but curiously appealing city? What can happen, at her age, to change her life? And yet, as she climbs the dingy communal staircase with her suitcases, she feels both nervous and exhilarated. There is a relationship with a computer to which she now confides her past and her present. And friendships of sorts with other women--widows, divorced, never married, women straddled between generations. And then Candida's surprise inheritance . . . A beautifully rendered story, this is Margaret Drabble at her novelistic best.
