However, coverage in this book is limited to the the most important fruits that grow in most tropical climates. Volume 2, Tropical Fruits (Crop Production Science in Horticulture) provides coverage of more minor fruits. There are even more minor fruits that receive no coverage in either volume. Maybe there'll be a volume 3 some day.

Abstract. This book is one the 23 volumes in the Crop Production Science in
Horticulture Series focusing on horticultural crops from major production systems in
temperate, subtropical and tropical climatic areas. The first volume on tropical fruits
presented the general aspects of tropical fruit production and covered the major
tropical fruits in the international trade, such as banana, pineapple, pawpaw, mango
and avocado.
